Profile

MCA graduate with hands-on experience in Java development, data analytics, and software testing. Strong understanding of SDLC, STLC, test case design, defect tracking, and quality assurance methodologies. Skilled in Python, SQL, REST API integration, HTML, CSS, and database management. Experience in developing scalable applications, performing functional and regression testing, and building data-driven analytical solutions. Strong analytical thinking, problem-solving ability, and adaptability to work in dynamic, deadline-driven environments.

Education

Presidency College , MCA, Bangalore (CGPA: 8.3/10.0)	2023 – 2025
Yenepoya Institute , BSC, Mangalore (CGPA: 8.7/10.0)	2020 – 2023
SRPUC Ramakunja , 10+2, Mangalore (Percentage : 77/100)	2018 – 2020
SREM High School, Ramakunja , SSLC, Mangalore (Percentage: 91/100)	2018

Projects & Academic Work

Financial Data Analytics – Stock Price Predictor 2025

- Built a forecasting model using **ARIMA**, improving prediction accuracy by **18%**. Built an interactive Streamlit dashboard integrated with Plotly for real-time data visualization and reporting.
- Technologies: Python, ARIMA, Streamlit, Plotly.

Hand Gesture Recognition System 2025

- Developed a hand gesture recognition system using computer vision and ML, Improved classification accuracy by 22% through streamlined feature extraction and algorithm tuning. Performed data cleaning, preprocessing, and transformation using Python and SQL. Built interactive dashboard using Streamlit and Plotly for data visualization.
- Technologies: Python, OpenCV, Machine Learning.

Weather Forecast Web Application 2024

- Created a responsive weather app using REST APIs, reduced load time by 30% through optimized UI rendering and ensuring full cross-browser compatibility.
- Technologies: HTML5, CSS3, JavaScript, RESTful APIs - Relevant for IT Development.

Technical and Soft Skills

Technical Skills: Python, Java, JavaScript, C, C#, , Spring Boot, .NET, ASP.NET, REST APIs.

Web & Databases: HTML5, CSS3, MySQL, SQL, MongoDB, Oracle.

Testing Skills: Manual Testing, Test Case Design & Execution. Defect Identification & Tracking. Functional, Regression, Smoke & Sanity Testing. SDLC & STLC Understanding. Bug Reporting & Documentation.

Data Engineering & Analytics Testing Skills: Data Cleaning, Data Transformation, SQL Queries, Data Visualization, Predictive Modeling, Streamlit, Plotly

Concepts: REST APIs, API Management, Microservices, MuleSoft, API-led Connectivity, OOP, Data Structures & Algorithms, Multithreading, Exception Handling, SDLC, CI/CD, RESTful APIs, SOAP Web Services, Microservices, API Security (OAuth 2.0), Software Engineering, Application Development, Computer Programming, Database Systems.

Soft Skills: Communication, Collaboration and Teamwork, Adaptability and Quick Learning Ability, Analytical Thinking, Time Management, Ownership, Problem Solving Ability, Client-focused Mindset.

Certifications

- Java Programming (Coursera), AI/ML Course (UpGrad), Database Fundamentals – IBM, Introduction to Data Analytics (SimpliLearn), PowerBI for Beginners (SimpliLearn).
